Mr. John Allen Chalk
Minister
Broad Street Church of Christ
155 East Broad Street
Cookeville, Tennessee

Dear Brother Chalk:

Thank you for your letter of September 9 with the information I had requested.

Two posters each have been mailed to the churches listed on the sheet you sent me, and I hope you have already received the package of twenty that were mailed to the Broad Street church. We wrote each of the congregations asking their cooperation in posting the placards at the front and rear of the church buildings. We also sent posters to principals of the Putnam County high schools, asking them to place them on their bulletin boards.

Enclosed are copies of news stories and radio information sent to the two newspapers and the local radio station.

I have tried to make it clear in all of the information that Lipscomb rather than the church is sponsoring the lecture.

Hope your meeting in Celina was successful.

Best wishes,

Eunice B. Bradley

Our president, Dr. Athens Clay Pullias, will be presented by
Lipscomb in an illustrated lecture at the Broad Street Church of
Christ on Thursday, September 29.

The lecture will include 350 color slides taken by Dr. Pullias
and his wife and son, Clay, Jr., on a nine weeks' tour of Europe
and the Middle East in the summer of 1959. This tour included great
world cities of Europe and the Bible lands, and ended in Athens,
Greece, where Dr. Pullias' grandfather was born. One of his
objectives on the trip was to look up any members of the family
that might still be in the vicinity, but he did not find any
of them in the areas he visited.

The lecture is free to the public, but we are explaining in
all of our publicity that those who wish to do so will be given
opportunity to make voluntary contributions to the work at David
Lipscomb College.

Lipscomb opened its fall term this week with a four-day
orientation program for freshmen. To date 551 first-year students
have already reported. We are expecting around 1300 students in
the four college classes and already have about 700 enrolled in
high school and elementary school. Enrollment last year was
the largest to date, including 1182 in the college, and 494
in the freshman college class. The overall total was 1901.

Sent to Mr. Tom Harris

Any publicity you can give the lecture in spot announcements
during the coming two weeks will be greatly appreciated.

Sincerely yours,

Eunice B. Bradley
